Progression & Coverage

Year	National Curriculum Strand								Progression Colourway
	Computer Science		Information Technology		Digital Literacy		eSafety		Year 1-6
	The fundamental principles of computer science incl. algorithms, programming, computational thinking, testing, debugging, networks, the Internet and the WWW		Applying computer systems to solve problems. Finding things out, exchanging and sharing information, reviewing, modifying and evaluating work		Create digital artifacts, express oneself, develop and present information & ideas using a range of digital technologies		Using technology safely, respectfully and responsibly; safely navigate and evaluate digital tools and artifacts		
One	iAlgorithm	NC Objectives	iModel	NC Objectives	iWrite	NC Objectives	iSafe	NC Objectives	
	Giving & following instructions	• understand what algorithms are; how they are how implemented as programs on digital devices • understand that programs execute by following precise and unambiguous instructions • use logical reasoning to predict the behaviour of simple programs • create and debug simple programs	Computer Modelling	• To use technology purposefully to create, organise, store, manipulate and retrieve digital content	Creating digital text	• To use technology purposefully to create, organise, store, manipulate and retrieve digital content	Staying safe online	• use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies • recognise common uses of information technology beyond school	
	iProgram	• understand that programs execute by following precise and unambiguous instructions • use logical reasoning to predict the behaviour of simple programs • create and debug simple programs • use technology purposefully to create, organise, store, manipulate and retrieve digital content	iData	NC Objectives	iDraw	NC Objectives			
	Creating animations		Learning how data can be represented	• To use technology purposefully to create, organise, store, manipulate and retrieve digital content	Creating digital art	• To use technology purposefully to create, organise, store, manipulate and retrieve digital content			
			iDraw	NC Objectives					
			Creating digital art	• To use technology purposefully to create, organise, store, manipulate and retrieve digital content
